

# **THE MICRIACROPOLI TSILIVI**

MicriAcropoli offers a range of dishes to suit every taste. The Head Chef has been with the restaurant from the beginning and truly is a part of the family. She uses ageless cooking methods to create traditional dishes for those wanting to sample Greek cooking from the home. Where possible all the ingredients used are sourced locally, with many of the vegetables being grown by the Brothers father in the family garden.

MicriAcropoli offers many choices for vegetarians and will cater for all dietary needs where possible.
